

# 2010 Tri-National Conference Registration

October 1 - 3, Port Townsend, Washington

**Please join us at the 2010 Tri-National (Canada, Mexico, US) Servas Conference!**

Travel changes our lives and our world; what kind of difference are we making?

- Travel makes a difference environmentally. What is our impact? What are our options?
- Many today are choosing service-based travel as a way to make a meaningful difference. What types of projects are most effective? How to choose?
- Travel makes a difference in the lives of young people. Hear from young travelers about their experiences and help us find ways to support youth travel.

The 2010 conference will take place at beautiful Fort Worden State Park and Conference Center in Port Townsend, Washington ([www.fortworden.org](http://www.fortworden.org)). The park rests on a high bluff overlooking Puget Sound. There will be opportunities to explore the 434-acre multi-use park with over two miles of saltwater shoreline and a wide variety of services and facilities. Many historic buildings remain, including our accommodations in the former officers' quarters. Register early to be sure of a room in these handsome homes.
