Note about Fair Distribution of Contributions and Work:
Unpaired participants should bring half as much as pairs -- each time or a pair-sized amount alternate times.
Everybody hosts. When a single does, she/he may ask another person or pair to arrive a little early to help.
The group does not always have to be seated around a table. On occasion, we can eat from folding tray tables.
Ask others to bring chairs, tables and or other gear as needed
If it is impossible for someone to host at home, he/she arranges to hold the party at another member's home while still performing all of the host roles -- like clean up.
